Saint Valentine, officially known as Saint Valentine of Rome, is a third-century Roman saint widely celebrated on February 14 and commonly associated with "courtly love."

In 1969, the Roman Catholic Church removed St. Valentine from the General Roman Calendar, because so little is known about him. However, the church still recognizes him as a saint, listing him in the February 14 spot of Roman Martyrology.

One common story about St. Valentine is at one point of his life, as the former Bishop of Terni, Narnia and Amelia, he was on house arrest with Judge Asterius. While discussing religion and faith with the judge, Valentine pledged the validity of Jesus. The judge immediately put Valentine and his faith to the test. St. Valentine was presented with the judge's blind daughter and told to restore her sight. If he succeeded, the judge vowed to do anything for Valentine. Placing his hands onto her eyes, Valentine restored the child's vision. Judge Asterius was humbled and obeyed Valentine's requests. Asterius broke all the idols around his house, fasted for three days and became baptized, along with his family and entire 44 member household. The now faithful judge then freed all of his Christian inmates.

St. Valentine was later arrested again for continuing to try to convert people to Christianity. He was sent to Rome under the emperor Claudius Gothicus (Claudius II). According to the popular hagiographical identity, and what is believed to be the first representation of St. Valentine, the Nuremberg Chronicle, St. Valentine was a Roman priest martyred during Claudius' reign. The story tells that St. Valentine was imprisoned for marrying Christian couples and aiding Christians being persecuted by Claudius in Rome. Both acts were considered serious crimes. A relationship between the saint and emperor began to grow, until Valentine attempted to convince Claudius of Christianity. Claudius became enraged and sentenced Valentine to death, commanding him to renounce his faith or be beaten with clubs and beheaded.

St. Valentine refused to renounce his faith and Christianity and was executed outside the Flaminian Gate on February 14, 269. However, other tales of St. Valentine's life claim he was executed either in the year 269, 270, 273 or 280. Other depictions of St. Valentine's arrests tell that he secretly married couples so husbands wouldn't have to go to war. Another variation of the legend of St. Valentine says he refused to sacrifice to pagan gods, was imprisoned and while imprisoned he healed the jailer's blind daughter. On the day of his execution, he left the girl a note signed, "Your Valentine."

Pope Julius I is said to have built a church near Ponte Mole in his memory, which for a long time gave name to the gate now called Porta del Popolo, formerly, Porta Valetini.

The romantic nature of Valentine's Day may have derived during the Middle Ages, when it was believed that birds paired couples in mid-February. According to English 18th-century antiquarians Alban Butler and Francis Douce, Valentine's Day was most likely created to overpower the pagan holiday, Lupercalia.

Although the exact origin of the holiday is not widely agreed upon, it is widely recognized as a day for love, devotion and romance. Whoever he was, Valentine did really exist, because archaeologists have unearthed a Roman catacomb and an ancient church dedicated to St. Valentine. In 496 AD, Pope Gelasius marked February 14th as a celebration in honor of his martyrdom.

## Pet's name, how did you come up with it?

Her name is Kali.

She is a rescue and came with the name.

## Are there any nicknames for your pet?

My Lil ol' Lady and Lil momma.

## How old is your pet?

## How and when did you choose your pet?

Kali was my youngest son's girlfriend's dog. She came upon a tough time and brought Kali over and she (the pup) never left!

Kali is very talented. She shakes paws, dances and if you pretend to shoot her and go "BANG" she will fall over and play dead.

## Funniest memory of your pet...

Being a senior dog, Kali has lost most of her hearing. If you knock at the back door, she will run and bark at the front door!

## Does your pet have any bad/ naughty habits that drive you crazy?

Well, Kali is a Beagle. So she does her "barking at the wind" thing whenever we take her out.

## Fun facts about your pet or the breed...

## **A SILENT TEAR**

Just close your eyes and you will see  
All the memories that you have of me  
Just sit and relax and you will find  
I'm really still there inside your mind

Don't cry for me now I'm gone  
For I am in the land of song  
There is no pain, there is no fear  
So dry away that silent tear

Don't think of me in the dark and cold  
For here I am, no longer old  
I'm in that place that's filled with love  
Known to you all, as "up above"

# VOLUNTEERS NEEDED

In February we often think about Valentine's Day. This is a great time to show your love for others and for your community by volunteering. Just a few hours each month means so very much to those you help. Our current volunteers show a dedication to the Cedarbrook residents and staff that warms my heart. Thank you for selflessly giving your time and talents to make a difference in the lives of so many of our residents. Your kindness has made an immeasurable impact on Cedarbrook. We can't thank you enough for all your dedication. It never ceases to amaze me when I see all the love our volunteers show Cedarbrook's residents and staff. The kind word, touch, soft voice, and sweet smiles truly mean so much to those around us. If you haven't begun to volunteer, but would like some information, feel free to contact the Volunteer Office at 610-336-5684. There are so many types of opportunities available. We welcome student volunteers who are over 13 years old.

"The greatest moments in life are not concerned with selfish achievements, but rather with the things we do for the people we love." Walt Disney, film maker, cartoonist, entrepreneur.

## Current Volunteer Needs:

- ❖ Are you able to spend just a few hours helping our residents get to in-house programs, entertainment, crafts, games, and appointments? Most volunteer shifts are just two hours long, but your help goes a long way.
- ❖ Volunteers are greatly needed for Sunday afternoons, to help transport residents to church services from 2:00PM – 3:30PM.
- ❖ Help out at our special programs held during the last full week of each month. Activities are at 10:30AM and 2:30PM, M-F typically, reach out for more details. Check out the activity schedule in this newsletter to see what type of adventures we are having.
- ❖ Would you like to be called to help when we take some of our residents on an occasional trip to hockey games, baseball games, Walmart or Boscov's shopping? You would meet our transport bus at a specified location and assist the residents and staff during this outing.
- ❖ Do you have a friend or family member who is retired? Encourage them to become a volunteer. Volunteering helps keep our residents actively engaged in social events.
- ❖ Check out our monthly newsletter at: [Cedarbrookseniorcare.com](http://Cedarbrookseniorcare.com) to see the list of current needs and the calendar of events; contact the Volunteer Coordinator to discuss your ideas at 610-336-5684 or [kerrymagliane@lehighcounty.org](mailto:kerrymagliane@lehighcounty.org)

Thank you so much for your time and assistance. We look forward to hearing from you soon.

# CEDARBROOK'S COUPLES SPOTLIGHT

George and Katherine Shumack, residents of Cedarbrook Allentown, have shared a life filled with love, adventure, and mutual support for the past 47 years. Their story began in 1977 when Katherine, working as a bartender, met George at a local bar. Their connection was immediate, and the couple married that September.

George's journey serving others started when he was an Eagle Scout in grade school, and right after high school he joined the United States Navy. During his service, George traveled the world, visiting destinations like Guam, the Dominican Republic, St. Thomas, and Jamaica. After his Navy years, he worked on railroads and in college security, showcasing his adaptability and strong work ethic.

Katherine, a compassionate and dedicated worker, balanced her role as a bartender with a meaningful career as a nurse's aide at Good Shepherd. Together, the couple has shared countless memories and a love for simple joys like polka music and their favorite film, Titanic.

Living together at Cedarbrook, George and Katherine remain an inspiring pair. Last year, the staff at Cedarbrook celebrated their enduring bond with a special date night, complete with dinner and a movie. Their story is a testament to love's ability to endure and flourish through the years.

Thank you George and Katherine for sharing your story.  
We all wish you many more years of happiness.

# THE HISTORY OF GROUNDHOG DAY

Groundhog Day is a holiday that is celebrated in the United States and Canada on February 2nd. According to tradition, if a groundhog emerges from its burrow on this day and sees its shadow, there will be six more weeks of winter. If the groundhog does not see its shadow, it is said to predict an early spring.

The origins of Groundhog Day can be traced back to a pagan festival called Imbolc, which was celebrated by ancient Celts in Europe. Imbolc marked the beginning of spring and was celebrated on February 1st or 2nd. As Christianity spread throughout Europe, the Church sought to replace these pagan celebrations with Christian ones. One way they did this was by associating pagan festivals with Christian saints, and in this case, Imbolc was associated with St. Brigid.

The tradition of Groundhog Day as we know it today, however, can be traced back to German immigrants who arrived in Pennsylvania in the 18th and 19th centuries. They brought with them a similar holiday called Candlemas, which was celebrated on February 2nd. According to German legend, if the sun made an appearance on Candlemas, there would be six more weeks of winter, but if it was cloudy, spring would arrive early. The German immigrants in Pennsylvania adapted this tradition to their new home by using the groundhog, a native animal, as the predictor of spring's arrival.

According to modern legend, much like Candlemas, if the groundhog sees its shadow on February 2nd, there will be six more weeks of winter weather. If it does not see its shadow, spring will come early.
